

Win a Maths Explorers T-Shirt

How to enter the competition

1. Create your Jigsaw using the grids in this worksheet (4 by 4 for KS1, 5 by 5 for KS2)
2. Your picture – try to include something mathematical. It can be a drawing or just a colourful pattern.
3. Draw the lines on to show the polyominoes. Test your ideas with a pencil first and go over them with a felt-tip or Sharpie. DON'T cut it out before taking the photo.
4. Take a photo of this or scan it on to your computer. Please get parents to email us for other ways to submit.
5. Send your entries to maths@roots2grow.org by Friday 24th May
6. Type Polyomino Jigsaw Competition in the subject line.
7. Entries will be judged on the ideas in the picture and the difficulty of the puzzle. Remember to win, all your polyominoes must be different and your lines must be clear and straight.

Privacy Policy with Regards to this Competition

1. All entries must be sent in by an adult and with their approval. We will contact the winner to confirm this.
2. Any data needed for the purposes of the competition will be erased four weeks after the deadline unless specifically requested (e.g. to acknowledge the creator or if you sign up to one of our email lists in the process).
3. We would like to display the winner's **name**, **age** and **school** on the prize t-shirt but this is optional. We will contact the winner once they are chosen to find out their wishes regarding acknowledging their work.
4. We would also like to publicise the winner and acknowledge them on our website and social media but only with the winner's consent. We will only approach you for this consent if you win.
5. Taking part in this competition does not oblige you to sign up for anything now or at any time in the future.
6. Only the winning entry will be contacted personally about the outcome of the competition. The winning entry will be announced publicly 2 weeks after the deadline.
7. Please see our website for more about our general privacy and data protection policy, <http://www.roots2grow.org/>
